Timely information & meaningful relationships

all in 48 hours, and at no cost to you or your organization

IT'S NOT A TRADE SHOW... NOT EVEN CLOSE

Establish new relationships and learn more in 48 hours than you ever thought was possible! The Public Works Summit is two days of uniquely structured small group presentations, interactive roundtable sessions and social functions, unlike anything you've ever experienced. Get introduced to dozens of others responsible for their municipalities and senior representatives from the vendor community who will share their case studies on how they're approaching DPW issues in the US, Canada and around the world. You will return to your facility energized and full of new ideas! Best of all, there's no cost to you or your municipality to participate.

The Summit covers all travel, hotel, meal and conference costs.

PARTICIPATION SPOTS ARE LIMITED - APPLY TODAY!

WHO'S ELIGIBLE TO HAVE ALL COSTS COVERED?

To be eligible, you must direct or manage a public works department serving a population of 25,000 or higher. Most important, you should have decision-making authority or specific input into the products and services your municipality purchases. You should also have challenges that you're interested in sharing, a willingness to help others and a desire to learn about products or services that can help you in the next 6 to 18 months.

"The Summit was like a mini " Smart City" putting everyone I wanted to meet and topics I personally wanted to learn more about all in one room!"

"It is not often that you attend a conference where your schedule is customized to who you want to meet and items that you want to discuss. You get to additionally meet with vendors that work in areas that are immediately important to the work that you are either currently doing or have on the horizon to work on in the future. And as if that by itself is not reason enough to attend this conference, just being able to meet, connect, and network with other directors that do what you do is a priceless experience to say the least. I believe, every current public works director, or deputy, or their "next in line" should attend this conference. This was hands down, "the best conference" that I have ever attended in my professional local government career!"
